I'm sure he has a plan that does not involve that. But the threat of him being able to do that is certainly part of the fear factor he's using on the cucks in Congress.

You know the answer. All of us. The question is whether we do it without Trumps request? I believe we will see blood on the streets and in the capital if they allow this coup.

and besides the shitstain commie in charge of DC doesn't have control of the guard. it's Trump's if he wants it.

During peacetime each state National Guard answers to leadership in the 50 states, three territories and the District of Columbia. **During national emergencies, however, the President reserves the right to mobilize the National Guard, putting them in federal duty status.**

While federalized, the units answer to the Combatant Commander of the theatre in which they are operating and, ultimately, to the President.

-guess what? we are under a national emergency
